CONDITIONS OF ENTRY FOR DOGS & CATS INTO BERMUDA

All animals arriving in Bermuda must be accompanied by an Import Permit issued in advance by the Department of Environmental Protection, together with an original of a health certificate issued by a licensed veterinarian of the country from which the animal is coming. The health certificate and veterinary statements must be issued within 10 days before the animal's arrival, must be dated, must show the name, address and phone number of the veterinary facility, and must be signed by a licensed veterinarian. You must provide evidence that your animal complies with **all** import requirements before we will issue an Import Permit. You must provide true and accurate documentation of:

1. The animal has been implanted with a microchip read by a standard microchip reader, i.e. ISO, FECAVA, European/International or AVID-USA chip.
2. A veterinary health certificate issued within 10 days before your arrival in Bermuda, stating that the animal is not infected with any communicable disease and is free of external parasites. The veterinary health certificate must contain the following information:-
 - (a) Name, date of birth, breed, description and microchip identification of pet;
 - (b) Owner at present; (c) Owner in Bermuda and address
3. A veterinary statement giving the name of the acaricidal preparation applied during the examination, which is known to have residual activity against ticks, e.g. FrontLine Top Spot®, Ovitrol®, Sctrrol®, K9 Advantix®, Vectra 3D®, Proticall®, Kiltix®, Defend Ex-Spot®, Promeris® for Dogs. – NOTE: Advantage®, Sentinel®, Revolution®, Selamectin, Capstar®, Bio-Spot®, Promeris® for Cats, , Comfortis®, shampoos and collars do not qualify.
4. A veterinary statement that, as best as can be ascertained by your knowledge and through questioning, the animal has not been exposed to rabies nor been present in an officially quarantined rabies area within the last 6 months.
5. - *Not applicable to dogs or cats arriving directly from the United Kingdom, Australia, New Zealand or Jamaica*
Rabies vaccination history, showing at least two rabies vaccinations, and that all rabies vaccinations have been given by a licensed veterinarian, and are in accord with all of these requirements. The animal :
 - Upon attaining / after the age of three months, has received a rabies vaccination; AND
 - Received a second rabies vaccine 6-12 months following the first rabies vaccination; AND
 - There have been no significant lapses in vaccinations; AND
 - The most recent vaccination was given at least 30 days, and not more than 12 months prior to arrival.

****Note:** - *Not applicable to dogs or cats arriving directly from the United Kingdom, Australia, New Zealand or Jamaica*
Dogs and cats under age 10 months, and dogs and cats of any age that have received only a single rabies vaccination, do not qualify for entry into Bermuda.

Veterinarians **may only** attest to vaccinations given by him/herself, given under his/her direct supervision, and prior vaccinations that are accompanied with original certificates. Veterinarians **cannot** attest to vaccines given by non-veterinarians, including owners or breeders.

6. - *Not applicable to dogs or cats arriving directly from the Continental USA or Canada.*

The animal has not been kept within 30 miles of Foot and Mouth disease during the last 30 days.

7. When requested by this Department, you will be required to give information regarding the purpose of imported animal, and the location of facility where the animal(s) will be housed. You need not provide this information at this time.

THE PROCEDURE

- Visit your veterinarian to obtain a microchip, health certificate and the veterinary statements within **10 days** of your arrival. If the animal is coming from the United Kingdom, visit the Local Veterinary Inspector within **5 days** of your departure for an Export Permit (EHC-2921).
- FAX the veterinary documents to this office at 441-232-0046. Response with an Import Permit will be by FAX, usually within 1 business day. Please ensure that your FAX number is shown on the application form. The **FAX** Import Permit and the **ORIGINAL** veterinary certificates MUST accompany the animal on arrival.

IMPORT PERMITS ARE ONLY VALID FOR 10 DAYS FROM THE DATE OF THE VETERINARY CERTIFICATE.

THIS OFFICE IS CLOSED ON WEEKENDS AND PUBLIC HOLIDAYS.

Importation and Breeding Restrictions

The Minister of the Environment has implemented restrictions on the importation and breeding of certain dog breeds. The following breeds of dogs are affected:

<u>Prohibited Breeds</u>	<u>Restricted Breeds</u>
American Pit Bull Terrier	Akita
American Bulldog	Australian Cattle Dog
American Staffordshire Terrier	Belgian Malinois
Argentine mastiff (Dogo Argentino)	Bouvier Des Flandres
Boerboel	Bull Terrier
Brazilian Mastiff (Fila)	Bullmastiff
Cane Corso	Chow Chow
Presa Canario	Doberman Pinscher
Neapolitan Mastiff	Dogue de Bordeaux
Tosa Inu	German Shepherd
Wolf	Mastiff – English
Wolf Hybrid	Rhodesian Ridgeback
Any Cross of the above	Rottweiler
	Staffordshire Bull Terrier
	Any Cross of the above

Prohibited

- Dogs of these breeds may not be imported, bred or used for breeding.

Restricted

- Dogs of these breeds may be imported under permit once the conditions for keeping these dogs have been fulfilled by the importer.
- New acquisitions of these dogs require pre-approval.
- Dogs of these breeds may be bred only following receipt of a Breeder's permit.

Any rare, exotic or uncommon breed may also be refused entry despite its absence from the list above. The list will be amended as necessary. You certainly may contact us if you have a breed of dog that may be perceived as 'dangerous'. Even if your dog has been listed as prohibited, you may still apply if you have exceptional circumstances to justify having the animal imported. Your application will be considered.

APPLICATION TO IMPORT A RESTRICTED BREED OF DOG

The Minister of the Environment has implemented restrictions on the importation and breeding of certain dog breeds. This application is for **in principle** approval to import a restricted dog which is not currently resident in Bermuda. This application should be submitted to the Department of Environmental Protection two months in advance of your intended date of arrival. An Animal Warden will inspect the premise where the animal will be kept. You are strongly advised to not purchase nor otherwise acquire a restricted dog until an approval has been granted. Even if you receive in-principle approval, the animal must still meet all of the conditions of entry before an import permit can be issued, **and the dog may not participate in any breeding event for at least one year following importation.**
